Here is my handle, here is my spout.

When it comes to tea time,

Hear me shout, tip me over and pour me out

What is a teapot for? What do you think spout and stout mean?

Day 2 – Understanding number

Look at the pictures on the following slides and ask your child to look at the number on the teddy and match it with the correct plate of cupcakes.

Matching the bears with the cupcakes

Hello children! Five teddys are having a picnic. Each bear has chosen the number of cakes they would like but the plates have been mixed up. Can you work out which plate belongs to each bear.
